ReNYairtel 6/4/71 entitled "Students for a
Democratic Society Summer Project, Baltimore, Maryland,
July, 1970, SM - SDS."

Referenced airtel lists individuals involved in
"Summer Project" and indicates that investigation is being
conducted on a number of these individuals where the last
name is known. Since there is some descriptive information
on each of the other individuals you should identify them
and initiate security investigations concerning each
individual not already the subject of investigation. If you
find that some of these individuals are the subjects of
closed cases but are not on the Security Index, these cases
should be reopened and investigations brought up-to-date.
